

CRISIS RESPONSE

Another way RealPage is helping to protect your residents and employees while ensuring your business continuity.

Level Up Your Team's Industry Knowledge with EasyLMS®

Engage learners with over 65 hours of the best multifamily industry and soft skill content available.

EasyLMS® is not just another system to manage your company's learning. It is the key to unlocking your team's full potential. With more than 416 short, industry-specific learning modules, this all-inclusive learning management system is designed using the latest research on the most effective learning methods available. Accurate and efficient, each industry course is created to fulfill a specific knowledge requirement to ensure your employees are in the know for all things industry-related. In addition, 45% of the industry courses are available in Spanish, so you can rest assured your teams get the learning they need in the language they're most comfortable with.

INDUSTRY CONTENT INCLUDES

- Compliance
- Leadership
- Leasing
- Maintenance
- Multifamily industry knowledge
- Professional Development
- Safety Readiness
- Sales and Marketing
- Team Work
- Custom Content
- And more

WE'VE GOT YOU COVERED!

EasyLMS also includes a built-in course creator so that you can quickly and easily create your own content, specific to your company's business needs, operations, and processes. And all of your content can be tied to tailored learning paths or employee performance reviews, to target specific learning recommendations for each employee.

Take your organizational potential to the next level with 360° content coverage that includes multifamily-specific industry and soft skills, RealPage® product learning, and your own custom-created courses.

Visit www.realpage.com/easylms to level up your organizational performance.
