REALPAGE®
OUTPERFORM

NAA + RealPage® EasyLMS® = Industry Credentials at Your Fingertips

NAA REPORTING AND TRACKING IN EASYLMS

RealPage—in partnership with the National Apartment Association Educational Institute (NAAEI)—provides a no-cost option for customers to display their employees' NAA industry credentials on the Learner's home page in EasyLMS.

This makes NAA credentials quick to reference and easy to manage.

Plus, this option allows EasyLMS administrators to track and report on the progress and status of NAA credentials with data that's automatically updated on a weekly basis.

NAA-APPROVED CEC OPTIONS

RealPage also provides NAA-approved courseware that can be used to satisfy a portion of Continuing Education Credits (CEC) for a variety of certifications. It's part of the EasyLMS platform and available at no additional cost.

This gives your teams the opportunity to maintain and expand their NAA industry credentials, and it can be viewed directly in EasyLMS when the NAA feature is enabled for your company.

CEC courses available through EasyLMS can be used for the renewal of any of the following credentials:

- CALP (Certified Apartment Leasing Professional)
- CAMT (Certificate for Apartment Maintenance Technician)
- AIME (Apartment Institute for Maintenance Excellence)
- CAM (Certified Apartment Manager)
- CAPS (Certified Apartment Portfolio Supervisor)

JUST LIKE THE NAME SAYS: EASYLMS

We make it easy to find—and do—what you need.

RealPage EasyLMS is the only provider in the industry with the capability for customers to access no-cost CEC courseware, view their NAA industry credentials, pull reports and track the status of credentials—all directly within the platform.

> "The partnership between RealPage EasyLMS® and NAAEI enables our employees to easily manage and maintain their NAA industry credentials which helps ensure our teams stay current and active within our industry. With our ability to quickly run reports and gain insights on the status of our employees' credentials, we're now able to help support them in their efforts to keep their credentials current. With no additional cost associated with this feature, it creates a high impact and value-add for BH Management team members – a win-win!"
